RALEIGH, N. C., December 12.—Judge Thomas H. Purcell, of the Eastern Carolina United States Circuit and District Courts, continues very dangerously ill. Dr. McGuire, of Richmond, was called into conference with the local physicians the past few days, and it is understood that nothing of an encouraging nature resulted.

Pains in the Stomach
Caused by Gas and Foul Odors Speedily Removed by Stuart's Charcoal Lozenges.
Trial Package by Mail, Free.
Pyrosis (Gastric pain), gastritis and many other stomach and bowel troubles caused by formation of gas, are almost instantly removed by a generous use of Stuart's Charcoal Lozenges. These little lozenges kill bad breath and gas, and sweeten the system. They are made from pure willow and sweet honey, and are equally effective in the stomach and bowels. The Japanese use charcoal for a toothwash, and an old Chinese proverb says: "Sweet is the breath of a Japanese."
The mouth fluids are alkaline; they waste food with result, they are attacked and decay rapidly, causing foul odors to arise. Charcoal renders almost instantly, by oxidizing it and the saliva, sweet and healthy.

Already, in their imagination, they are tasting of the sweets of life during Christmas time. College exercises will be suspended Wednesday evening, December 23d, and will open up again Monday morning, January 4th. As most of the students live within convenient distance of Williamsburg, only a very few will remain here for the holidays.
